

Examples of Activities

- Rehabilitation through therapy, games, and activities based on the individual needs of a person with disabilities
- Training on personal grooming such as personal hygiene, oral care, body care and dressing
- Mobility training through proper navigation and use of mobility aids
- Training on Home Living Skills
- Boosting interpersonal relations through team activities and learning how to manage harmful behaviours

Philosophy of Care

- Improve emotional well-being through creative expression and increasing opportunities for socialisation
- Improve independence through direct intervention in a fixed setting that supports a person's personal development and individual needs in being independent in ADLs
- Improve community integration through direct intervention that improves the participation of clients across various community settings
- Improve social inclusion through increasing opportunities for persons with disabilities to participate in activities of their choices within the society at large

Started in 1970, **AWWA** is a social service agency serving persons across life-stages yearly. Services include early intervention for pre-schoolers, education and disability support for children and adults with additional needs, assistance to low income families, caregivers, and health and social assistance for vulnerable seniors. **AWWA** is Singapore-based, with an Institution of a Public Character (IPC) status.

Adult Disability Home and Day Activity Centre

About AWWA Adult Disability Home (ADH) and Day Activity Centre (DAC)

AWWA will be operating an ADH and DAC for up to 300 and 50 adults with physical and multiple disabilities respectively, at **5 Pasir Ris Street 22, Singapore 518064**.

The ADH provides residential support and care for persons with disabilities who are destitute, neglected, or whose caregivers are incapable of caring adequately for them. The ADH hopes to provide holistic care through physical rehabilitation, training in Activities of Daily Living (ADLs), and community integration

activities for persons of disabilities with varying levels of severity and needs. The ADH also provides short-term residential care for those who may require this service.

The DAC serves up to 50 persons and will be located within the ADH. The DAC will provide a safe environment and be adequately equipped to engage persons with mild to moderate disabilities. The DAC also provides respite to caregivers by giving day care services to their loved ones with disabilities.

Criteria for Enrolment

- The applicant must be a Singapore citizen or Singapore Permanent Resident. If the applicant is a Singapore Permanent Resident, at least one immediate family member of the applicant must be a Singapore citizen
- The applicant should be of age between 16 to 55 years
- The applicant should have disabilities pertaining to a physical, or a combination of disabilities (for example – physical + low vision or physical + mild intellectual disability)
- The applicant should be free from infectious diseases
- The applicant should not be suffering from serious psychotic disorders and/or serious behavioural problems that requires him/her to be under close individual supervision or nursing care
- We are unable to support persons diagnosed with autism through our services

Find more information on our services, get in touch with us at adultdisability@awwa.org.sg

Get Involved

The ADH and DAC aim to reignite the kampong spirit with neighbours by building a home without walls through partnerships with various members of the community such as neighbourhood shops, educational institutions, grassroots leaders, corporates, and other concordant partners.

Support our cause: giving@awwa.org.sg

As AWWA is an approved Institution of a Public Character, 250% tax deduction is granted by Singapore regulatory agencies for all cash donations

Join us as a volunteer: volunteer@awwa.org.sg

Aim

We seek to create a caring and inclusive environment where adults with disabilities are empowered to achieve their fullest potential and participate fully as integral and contributing members of society.
